DUCT TAPE HANDBAG

Finding the perfect holiday gift for your friends and family members can be tough. Still looking for an awesome present for your favorite teacher or your Uncle Ralph? Try making them gifts out of duct tape! These presents are inexpensive and cool. And, best of all, you'll have fun creating them! We used Duck® brand tape because it comes in lots of colors and patterns, but you can use any kind you like.

You Will Need:

- Duct tape
- Ruler
- Scissors

Directions:

1. Cut 16 11-inch strips of tape.
2. Join eight strips together side by side with edges slightly overlapping to create a sheet of tape. Turn sheet over so sticky side is up.
3. Attach remaining eight strips sticky-side down to sticky side of sheet. Trim edges. You should now have a sheet that is smooth on both sides with no sticky areas exposed.
4. Fold sheet up along short side, leaving 2-inch flap at top.
5. Fold 2-inch flap down over front of handbag.
6. Cut two 4-inch strips of tape. Use these strips to seal sides of handbag. Trim extra tape.
7. Cut 1-inch piece of tape. Roll it up, sticky-side out, to create loop of tape. Stick loop under flap to hold handbag closed.
8. To make strap, cut 18-inch strip of tape. Fold strip onto itself along short side. Attach strap on interior of both sides of handbag with tape.

DUCT TAPE WALLET

You Will Need:

- Duct tape
- Ruler
- Scissors

Directions:

1. Cut eight 7-inch strips of tape.

2. Join four strips together side by side with edges slightly overlapping to create a sheet of tape. Turn sheet over so sticky side is up.

3. Attach remaining four strips sticky-side down to sticky side of sheet. Trim edges. You should

now have a sheet that is smooth on both sides with no sticky areas exposed.

4. Fold sheet in half to make rectangle.

5. Cut two 4-inch strips of tape. Use these strips to seal short sides of folded rectangle. Trim extra tape.

6. Fold rectangle in half so short sides line up and long open side is on top.
